

4POT CALIPER (S SIZE)

Light weight and durable aluminum alloy 7075 body.

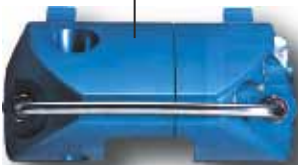

4POT CALIPER (M/L SIZE)

Six 10mm diameter hexagonal bolts ensure against body separation.

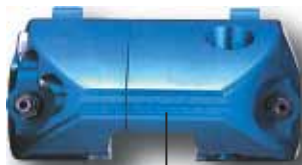

6POT CALIPER

Hard alumite finish to protect the body from corrosion.

Steel helicoil insert avoids any damage to the body even after repeated connection and disconnection of brake hose.

Compact design accommodates stock rotor.
